

Los Alamos National Laboratory
Hazardous Waste Facility Permit Draft Community Relations Plan
Comment/Suggestion Form

Instructions for completing the form:

Please reference the section in the plan that your comments and suggestions address. *Example:* Section 1.0.

General comments are also useful to plan improvement. Please include ideas for implementation of your suggestion, and your contact information for further discussion.

Public comments and suggestions are received year round. A summary of comments are posted each year at <http://www.lanl.gov/community-environment/environmental-stewardship/protection/community-relations-plan.php>.

Your comments/suggestions:

Click here to enter text.

The Permittees are required to document consultations, communications, agreements and disagreements between the Permittees and the public in developing the Community Relations Plan.

Each year the Permittees will compile and post public comments, statements, agreements and disagreements on the Community Relations Plan web page. The Permittees will not post comments and suggestions to the Community Relations Plan web page without the written consent of the contributor.

If you choose to have your comments and suggestions posted, you can provide your written consent by checking the "Yes" box and include your contact information. If you do not want your comments posted, check "no." If you don't check any box, we will assume you do not want your comments posted.

☐ **Yes** ☐ **No**

Submit by Email

Thank you for your interest in the Community Relations Plan.
